Avak Sure of Success

Healer Confident
Despite Delay Due
to Vaughn's Injury

Avak, youthful Armenian faith healer is still working hard to affect a miracle cure of epileptic Vaughn Arkelian, 37 year old son of millionaire vintner, K. Arkelian, in a hide-away somewhere near Fresno.

This was the announcement made yesterday via long distance telephone with a Desert Sun reporter by Eddie Arkelian, president of the Mission Bell Wines at Fresno and brother of the ailing Vaughn.

Arkelian said that his brother has shown considerable improvement in his condition since leaving Palm Springs almost a month ago and that Avak has asked for more time in order to completely cure his "patient" Vaughn.

THE PLEA for more time, Eddie declared, was made because Vaughn is suffering from the results of a broken right arm and will have to be sent to a hospital for the removal of a silver plate placed in his arm while in a Riverside hospital three months ago.

"The bone hasn't grown back properly," declared Eddie, "and this has given Vaughn considerable pain. It will now be necessary to send him to the hospital again."

HE ADDED that because of this, Avak told him a complete cure of Vaughn's epilepsy would be impossible. Eddie said that Avak had told him in Palm Springs that he would cure Vaughn in fifteen days but the recurring pain in Vaughn's right arm has prevented this.

"But Vaughn has shown a considerable improvement just the same. His epileptic seizures have almost abated and those that he did have were of slight duration again."

Warmish

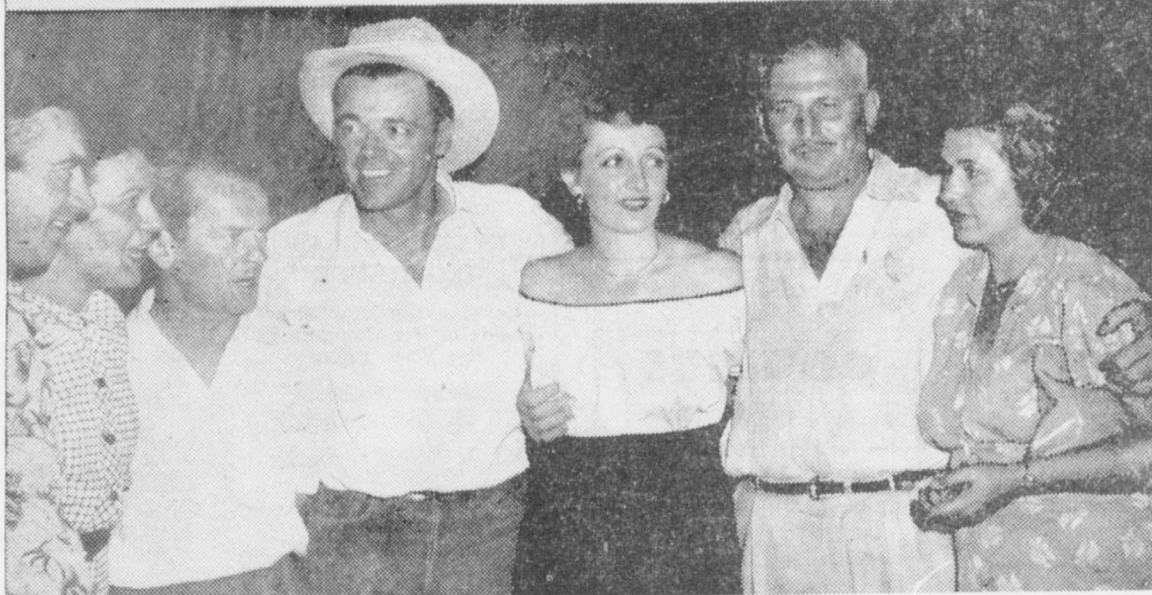

June Blends Into
July With 100's

June began to feel the urge of Summer over the weekend and blended into July with an array of three-digit maximums. Today is July, you know.

Friday showed 102, Saturday, 103, Sunday 106 and yesterday put 108 on the top side of the official thermometer.

But the nights showed a reverse trend, starting with a 66 minimum Friday and dropping a degree a day.

Despite the fact that July was just around the corner several homes, boarded up for the summer during week days, were aglow with lights over the week end as owners came down from the coast or Los Angeles to see how their property was doing and to enjoy the moonlight nights.

GET ACQUAINTED—More than 600 residents of Palm Springs and the desert area surrounding it, who stick around most of the summer, got together last Friday night in the first annual summer desert rally. As the top picture (Desert Camera Shop photo) of a portion of the crowd shows, a merry time was had by all. As is always the case at a desert party, there was close harmony, too. (Lower picture by

Desert Sun camera.) It may have been treason but these desert denizens weren't singing about the sagebrush or little doggies—their vocal chords were blending about the moonlight and seeing that Nellie got home safely. The desert hayride which terminated at the Tennis Club and was under local AMVET post auspices, was a tremendous success.

Desert Rally Draws Great Crowd Here

It was a jam-packed affair—the All-Village Hayride sponsored by Palm Springs Post 34 of AMVETS and held at the Palm Springs Tennis Club Friday evening.

The spacious grounds of the Club held between 500 and 600 people at one time during the gala event and there were persons there from desert communities within a radius of 15 miles of the Village. The young, the middle aged and the old turned out.

THEY CAME in huge trucks and trailers bedded down with straw, in automobiles of every description and taxicabs. A representative cross section of summer residents in Palm Springs, Rancho Mirage, Palm Dell, Palm Village and other communities was present, to dance, sing, swim, eat, drink, and make merry.

Lee Bering, manager and co-owner of the Tennis Club, expressed amazement at the number of people crowded onto the grounds of the club. It was through his generosity the AMVETS were granted the use of the swanky club grounds and other facilities.

DANCING to the music of Rudy's Rancheros was thoroughly enjoyed by a large number of those in attendance. During the intermission Peg Rashall, was applauded time and again for her leadership in folk dancing and singing.

Jack Russell, well known Village pianist, entertained the crowds with his superb playing on a small-key-boarded piano which he handled with a masterful touch. It was his piano playing which accompanied John Ramatko in a vocal solo, and Peggy Wallace in two solo numbers.

See RALLY DRAWS, Page 5

Weber Freed After 2 Traffic Case Hearings

Charges of violating section 501 of the state motor vehicle code and of battery filed against Gerald Weber as result of accident on May 30, were dismissed in local court Friday after a day-long hearing.

The accident occurred at Tahquitz drive and Palm Canyon drive and involved Weber's automobile and one driven by W. J. Raviscioni of Madera. The charge of battery was filed by Raviscioni as result of an argument which followed the accident.

The cases were aired before Judge E. E. Theriault who found the evidence insufficient. The 501 (driving while intoxicated, felony) was a preliminary hearing and the battery charge in trial court.

W. B. Gustavson, deputy district attorney, was in charge of the prosecution, and intimated he planned to file another charge in the case.

Holiday

Three-Day Event
This Week-End

Palm Springs will be a quiet town Friday—the Fourth of July—and not entirely busy, Saturday.

Most places of business will take Independence Day as a holiday and all offices will be closed. Many offices plan to remain closed Saturday, July 5, too.

The Bank of America will be closed Friday and Saturday following the plan for banks throughout the state. City offices will close Friday and Saturday.

Take It Easy Over Holidays, Officials Say

Take it easy this week end if you're going out of town to take advantage of the three-day Fourth of July holiday.

That was the advice of Chief of Police A. G. Kettmann to Villagers this week.

And take it easy if you stay in town, with fireworks, Fire Chief William Leonosio said, calling attention to the city fire code which prohibits pyrotechnics, especially fire crackers. In the former case, the law provides that a pyrotechnical display may be staged only by special permit of city council.

THE SITUATION is especially dangerous right now, the fire chief said, because of the dryness of the season and because at many winter homes gardeners and caretakers have been pruning shrubbery and cleaning up the premises. All of the accumulated rubbish has not been cleared away and constitutes a fire hazard.

He called attention to city laws on rubbish piles and urged all to get rid of them to eliminate the fire menace.

WARNING to Villagers on traffic by Chief Kettmann concerned mainly those planning holiday trips.

"I'm not so much concerned about local traffic because I anticipate it will be rather quiet here over the Fourth. But on the highways to the beaches and mountains—use extra care," he said.

"Traffic records show that whenever a holiday falls on a Friday or Monday with a resulting three-day holiday, the tragedy toll on the highways goes up sharply."

STRICT observance of all of the See TAKE IT EASY, Page 5

Pirates Eye Field Club as Training Spot

Babe Herman, former star National League player with the Pittsburgh Pirates and now advance man for the Bucs, was in town Saturday and will be here again today to confer with Harry Harper, secretary-manager of the Chamber of Commerce and city officials on a plan long discussed in Palm Springs—that of bringing some big league outfit here for Spring training.

Herman, who arrived here too late Saturday to meet with civic leaders, discussed the situation with Jud Osborn of the Association at Amado and Palm

New Year to Be Busy One

Council Studies
\$325,514 Estimate
for Expenditures

If City Manager William Alworth has his way, and it looks as if he may, life in Palm Springs is going to be a little better, a little finer and a little more comfortable in the coming fiscal year.

Improvement and expansion within the city limits could be seen in the tentative figures in what Alworth called a budget, for the next 12 months operation of the city, which will see the creation of two new departments and the expansion of others and all within the city's ability to pay out of annual income with no increase in the tax rate.

AS A MATTER OF FACT, Alworth informed the city fathers in the last city council meeting of the fiscal year which closed yesterday, that \$40,000 in operation costs was saved out of last year's operating expense.

The tentative estimate, which has yet to be studied by the finance committee of the city council, amounts to \$284,514 with an additional \$45,000 to be added from expected annual sales tax revenue or a total of \$329,514 as compared with \$198,000 for the fiscal year ending June 30, 1946.

The city manager told councilmen that at the year's close of business in 1946, \$67,000 was carried over into reserve for the ensuing 12 month period and that at the end of the fiscal year yesterday this fund amounted to \$106,649.

THIS TENTATIVE COST of government as set forth for councilmanic digestion, did not include the cost of operating the self-sustaining Waste Disposal department, but did include the cost of keeping Wellwood Murray public library doors open, ex-

by OLIVER B. JAYNES *Editor*

INVESTIGATION BY CONGRESS into the handling of Torney Hospital as surplus property by War Assets Administration would be welcomed by many Villagers. It would be interesting to know what went on behind the scenes. The public is given little information in such matters. Was the City of Palm Springs given a fair break? Were the needs of the Village for portions of the property given proper consideration? These are questions to which a lot of people would like the answers.

A probe into this entire matter by a congressional committee seems entirely justified. Our Congressman, John Phillips, has indicated that he will ask for an investigation, and it is believed that he will be joined in the request by the two California Senators, Downey and Knowland. The Desert Sun hopes that our elected officials will take a look into the whole thing and see just what went on. We have no desire to point an accusing finger at anyone, but we would like to know whether or not Palm Springs received the same consideration and treatment as other cities with respect to surplus property, and if not, why not.

There was too much talk about the Village, both before and after the acquisition election, to the effect that the city "never had a chance" to acquire the Torney property. If there was any truth in such statements, something was wrong from the very start. There is no reason on earth why this community should not have had as good a chance as thousands of others throughout the land which received similar property from the War Assets Administration at tremendous discounts; indeed, for nothing in many cases.

This Side Of The Sun

By Phat

Ever bothered by a loud and noisy radio late at night when trying to sleep? . . . Then you'll appreciate what one radio station, at least, is doing along that line. . . . Happened to be tuned in on KDYL, Salt Lake City, the other night listening to a smooth band. . . . At the end of the program, the announcer said: "Love thy neighbor—tune your radio low—it is now 10:30." . . . (Of course, it was only 9:30 here at the time and my radio was tuned down, so don't look at me) . . . But I thought that was a powerful suggestion . . . It may be old but it was new to me and shows radio stations are getting smarter.

COMMUNICATIONS were good this week . . . "See where you are keeping a file on what to do to keep cool on a hot day . . . Someone told me that hot tea would equalize the outside temperature and keep you cool . . . I don't like tea, won't coffee or something else do?" came a phone query . . . Can't see why something else hot wouldn't be the same but remember, boiled beer wouldn't taste good . . . My monthly jangler who has one for every month, submits this one on July 1:

Never pass by
The month of July,
and on an unsigned card came this one:
July's here
Break out the beer.

BOOST for benches came this week from Zaddie Bunker, just back from a flying trip to Washington, New York and points east . . . Said she: "They have benches in New York City and did they come in handy! . . . What's New York got that we haven't got (besides benches)? . . . I'm telling you they were welcome in New York—and they would be here." . . . "Palm Springs doesn't need benches," came another card . . . "What we need are shade trees on the drive . . . Besides looking pretty, they would provide a spot to park our ears so we wouldn't feel like we were crawling into an oven on getting into them in the evening after a hard day at the store."

STARTED a new file this week . . . It's GG meaning grouchy gripes . . . Seems that this time of the year when people aren't so busy and it's a little warmer, they are more prone to complain. "Times may not be so bad but the vegetables are feeling the pinch," said another male shopper in the grocery store yesterday as he watched two women test the firmness of the tomatoes. . . . "Why do some people who cannot sing a note, get that irrepressible urge to sing with the radio just when some especially beautiful tune is coming over the air?" "The artist who is performing may be getting \$5,000 for that one performance—surely they can get along without vocal accompaniment by someone who hasn't seen \$5,000 in years."

THE POOR old American colleges which have been the target for many shafts lately took another one this week . . . Dr. Paul Popenoe, director of the American Institute of Family Relations in Los Angeles, says that college women are making a bad showing as wives. . . . Maybe that's because the brighter they are, the quicker they can see through their husbands . . . Anyway, there are four times as many college women in the divorce courts as college men . . . Commented to Mrs. G. on that and she said it probably indicated that women got more out of college than men did . . . Dr. Popenoe indicated that the trouble was that colleges taught women they could never be as good a man as a man is . . . That makes them mad, too, I guess.

MEN are more or less groovy . . . when they like something, they like it and wouldn't care if they had it all of the time . . . For instance, I've had the same breakfast for the past 25 years . . . Well, not exactly the same breakfast—but a similar breakfast . . . Most men are like that . . . The same kind of food, the same kind of clothing . . . No imagination. . . . It's convenient if you go to the same restaurant . . . Your meal is before you sometimes before you have time to find the ash tray. . . . Of course, the disadvantage is that you have to give 24 hours notice if you want something else for a change. . . . At home I'm told I'm groovy because of too close association with phonograph records.

SPEAKING OF RECORDS—see where "I Wonder" made the top of the Hit Parade. . . . "In four short weeks" said the announcer . . . it made it here seven weeks ago . . . "That's My Desire" got up to within one of the top three Saturdays but "Midnight Masquerade" wasn't even on . . . Missed that one . . . It's no wonder you can't think of the name of that song . . . Even the fellows who write them can't sometimes . . . There are "Serenaades" from sunrise to moonlight, scores of numbers that start with "Moon," at least three songs entitled simply "I Love You" and a dozen others which say the same thing with a slight variation . . . Another oldie is on the air a lot these days: "I Wonder Who's Kissing Her Now" and almost at the peak of the hit parade is "Peg O My Heart" which was popular when I still had a full head of hair. . . .

City Loop Heads Discuss Affairs

Financial affairs of the City Softball league were discussed by managers of the five teams entered in a meeting at Bill Marvin's Palm Springs Sporting Goods store Friday night.

Playing and eligibility rules and other items of interest to the loop were also on the agenda.

Harold West presided at the session.

Frank Partridge, recreation director, also took part in the discussion.

REWARD—Don Allen, manager of the Boys' Club baseball team, accepts trophy from City Manager William E. Alworth at ceremonies at Field Club Monday night while Bob Bennett, in charge of the league which the Boys club went through in straight games, looks on from the right. (Desert Camera Shop photo.)

Indio Trims Stars 6 to 3 in See-Saw County Loop Game

Coming up in the last two innings, Indio's entry in the County Softball league defeated Palm Springs Thursday night 6 to 3, going into a tie with the Villagers for third place in the loop. San Jacinto continued with an undefeated record by trimming Hemet at Hemet 8 to 1, showing the latter team into the cellar.

A large crowd saw Palm Springs and Indio stage a nip and tuck battle at the Field Club. It wasn't sure until the final out.

BOTH TEAMS scored once in the first. Crabtree, whose bat was a source of trouble to the Stars throughout the game, walked to start it, advanced on an out and scored when Thompson's long fly was juggled. Palm Springs came right back in their half of the first when Hartman doubled, went to third on a passed ball and was sacrificed home by Ellis. The next two innings were blanks but in the last of the fourth the Villagers pulled ahead when Gauff doubled, Jurado walked and McGonigle singled in Gauff. The rally died there, however.

THE SEE-SAW lead continued in the fifth when Indio went ahead a length. Crabtree again hit safely and went to third on Duncan's single. Duncan stole second. Speed was shown by the visitors at this point when both Crabtree and Duncan scored, almost in a photo finish after a long fly was caught in center. Duncan really picked them up and laid them down, coming in from second after the catch.

Palm Springs knotted it at 3-all in its half on a single and stolen base by Hartman followed by a single by Ellis.

OUT OF THE WINDOW went the game in the eighth and ninth. In the eighth Castonon walked, stole second, took third on a passed ball and scored on a sacrifice fly to left. That put Indio in front 4-3.

They made it safe in the ninth. Crabtree, he's in again, singled, went to second on an out and scored on Casina's single. Thompson poled out one good for two bases, scoring Casina to make it 6-3 where it wound up.

The line score: R H E Indio 100020012-6 7 2 Palm Springs 100110000-3 9 2 Hare and Teran; Gauff and Canales.

Junior Boys' Club And Gay 20s Play To Hot 5-5 Draw

In an exciting baseball game before 350 fans Friday night the Junior Boys' Club team and the Gay 20s, entry in the city softball loop, went seven fast innings to wind up in a dead heat at 5 to 5.

And a new reason for calling a game went into the record book. There have been games played by darkness—daytime games, that is—games called because of rain or other disturbances of the elements, but this game was called because of bedtime.

BECAUSE the oldest member of the Junior team is only 15, Recreation Director Frank Partridge, called it off at the end of the seventh with the score tied—it was bed time for the lads—ten o'clock.

Snappy fielding by the Juniors featured the game. Especially great work was done by Ray Rios, right-fielder, Oscar Prieto at second and Louie Valesquez, catcher.

Ben Prieto pitched for the Juniors and did almost as well as Brother Frank, who chucks them for the Mexican Colony team in the City league.

Rios in right is credited with two sensational catches which robbed Gay 20 batters of what seemed ticketed for sure hits.

The Gay 20s grabbed a 4-3 lead in the second and held it until the sixth when they made it 5-3. But the Junior Boys came back in their half of the seventh to make it 5-all and there it stayed.

The two teams will clash again soon to break that tie.

The line score: R H E Junior Boys 1200002-5 5 4 Gay 20s 2200010-5 4 2

Ben Prieto and Valesquez; Turner, Roberts and King.

Tonight's Game Is for Keeps

Banning and Palm Springs meet tonight at the Field Club in a county loop game, part of the regular schedule.

The two teams met last Tuesday night here in a practice game which Palm Springs won 7 to 5.

That game didn't count in the standings but tonight's game is for keeps.

PALM SPRINGS, CALIF. Tuesday, July 1, 1947

The Desert Sun—3

Giants Roll Up 32-2 Victory in First Game

Those Giants—and, please, don't call 'em Little Giants even if the oldest is only 10 years of age—are really something.

The newest baseball club to be fielded here is composed of youngsters ranging from 8 to 10, members of the Boys' Club. Friday night they played their first ball game at the Field Club, tackling the newly organized Colored Girls' team.

They won—32 to 2.

Frank Partridge, recreation director, let them go two innings and then decided the lads and girls had crowded enough baseball for a full-sized game into the tilt and called it off.

The Giants are proud of their get-away into the baseball world.

P.S.—No box score was kept.

Gabbert Retires from Post With Power Company

J. R. Gabbert, well known to many Palm Springs residents, retired yesterday as advertising manager of the California Electric Power company, a position he has held for the past 17 years.

Gabbert came to California in 1912, purchasing the Riverside Enterprise. He was publisher until 1920 when he sold. During that period he was twice president of the California Newspaper Publishers association. He was prominent in Riverside city and county affairs.

During the past few years he has been active as a newspaper broker and plans to devote all of his efforts to that business following his retirement from the power company.

F. F. Crocker is head of the local district of the company.

Two of Five Auto Accident Victims Still at Hospital

Condition of Wiley Shelton, 41, Negro and employee at Sales Market who suffered a fractured arm and multiple cuts and bruises about the head as a result of a three-car accident last Thursday night, was reported as fair by Community Hospital officials, yesterday.

At the same hospital as a result

of the same accident is Mrs. Mary Redfield, who also sustained a broken elbow.

The others, injured and given first aid treatment at the hospital, were released that night. They are Ross Williams and Frank Nichols of Palm Springs and Gilbert Cardwell of Holtville.

The accident occurred one mile north of the Southern Pacific railway depot on Highway 111 at approximately 7 p. m.

Next to agriculture, transportation is the key industry of the American economy. Neither agriculture, industry, small or large business, can long be prosperous if transportation remains on the verge of bankruptcy.

Local Breakfast Highly Praised by Magazine

"The most successful breakfast flight yet staged."

That was the way the current issue of "Flying," national aviation magazine, characterized the recent breakfast flight from Los Angeles to Palm Springs, sponsored by the Los Angeles Junior Chamber of Commerce.

"Expecting only 700 to participate, the JCC was overwhelmed and consequently, inadequately prepared, when more than 1,100 light, medium, and heavy aircraft crowded the mile-long ramp and revetments to land," the article said.

Despite dangerous congestions of planes and lack of food, flying gave "good spirits prevailed everywhere and Californians learned that there is far more interest in flying for flying's sake than even that air-minded state imagined."

Desert Hot Springs

Merger of the Desert Hot Springs Improvement association and the Desert Hot Springs chamber of commerce is expected to follow action of the latter organization taken at its dinner meeting at the Idle Hour cafe.

An invitation was extended to the Improvement group by the chamber following a motion to that effect by Walt Kell, President R. E. Daizell of the association started the discussion when he spoke of the advantages of the two groups merging their programs and following a coordinated line in plans for the betterment of the community.

Both are working toward the same goal and it was the consensus that more speed could be obtained if both worked together.

MUCH BUSINESS was transacted at the meeting of the Improvement association last week. Resignation of Edna Chamberlain as secretary was accepted with regret by the group.

It was decided that it was too soon after the Flag Day celebration to attempt a Community Fourth of July event. Cabot Yerxa reported that the county would soon have crews at work making the road to the new garbage dump passable for all. Gifts of cash to further the work of the association were received and acknowledged. Refreshments followed the meeting.

JUST WHEN the weather began to warm up and the pool was becoming the most popular spot in Desert Hot Springs, something happened.

The two pumps furnishing the water stopped functioning during last weekend's wind storm and there was no swimming to cool off.

L. W. Coffee, developer of Hot Springs and owner of the plunge, acted at once, sending away for new parts and in three days, they were splashing again.

IT TAKES MORE than a gale to stop workmen at Desert Hot Springs when there is a job to be done.

The cement floor for the new Baptist church there has been poured under direction of J. C. McGee and the crew worked right through the bowling blasts which swept through the Pass.

MORE THAN THIRTY children ranging in age from four years to younger teenagers are now in attendance at the Daily Vacation Bible school which opened a week ago. Four young students from the University of Redlands are in charge of the Vacation School. Miss Lynn Darnell of Los Angeles is chairman and she is assisted by Miss Mary Evelyn White, Miss Grace Shinoda and Daniel Samson. Local people assisting are: Mrs. S. A. Whisenand, Mrs. Leslie S. Morgan and Mrs. George Reakes.

Rev. Wise has suggested that the pennies given by the children attending the school be given to the building fund of the church now being built.

APPROVAL of the appointment of Ralph Jones as secretary of the Desert Hot Springs chamber of commerce by the board of directors was announced by J. H. Bailey, president of the Chamber.

Jones is a graduate in business administration of Ohio State University and has been business manager of Southern California and Ohio trade and professional associations. He is a registered public accountant and will transfer his public accounting business here. Jones succeeds Mrs. Ivy H. Gallacher, who resigned recently to go back to Salt Lake City to attend to business affairs in connection with her father's estate.

Find Woman Dead In Rest Room at Reservation Camp

Dorothy Demati, 28, Indian, died suddenly Saturday morning, in the lady's rest room of the trailer camp where she was living on the reservation.

She was observed entering the rest room by her mother, Celestine Saubel at 6 a. m., Saturday morning. When she failed to return after an hour, Mrs. Saubel investigated and through a crack in the door noticed that her daughter was lying on the floor.

The mother summoned her husband who opened the door and called police who in turn called Dr. Charles H. Baldwin. He pronounced Dorothy dead on his arrival.

The mother told police that her daughter had been suffering from epilepsy since two years of age.

He Meant It

Judge Wasn't Fooling
About That 30 Days

Thomas Bailey, Cathedral City, thought Judge Eugene E. Theriault was fooling when he sentenced him to 30 days in the county jail for vagrancy and then suspended the sentence with the proviso that he remain away from Palm Springs. That was a week ago.

Saturday Bailey was back in the Village and at once arrested for violation of the judge's orders. Today he is in the county jail doing the 30 days originally meted out.

Village Masons at L. A. Affair

A gay charter party left Palm Springs Saturday at 1 p. m., for Los Angeles, that is, a bus was chartered by ten local Masons bent on attending the Summer Ceremonials at the Al Malaikah Temple.

The ten which included Harold West, Bryson Amos, Bill Leoncio, Kenneth DuBose, George Strebe, Gerald Sanborn, Dr. James Potter, John Archibald, Woody Woodruff and Seigal Raymond, had nothing but plenty of fun—they declared.

The group returned late the same day. While in Los Angeles, they were joined by winter villagers Whitey Mead, Lloyd Simon and Jack Lasley.

Leaky Valve Cause of Noon Fire Alarm

Local firemen had to forego their noon-day lunch for more than a half hour yesterday, in order to answer an alarm at The Malt Shop, 286 North Palm Canyon drive, owned by J. F. Ehle.

A compressor machine, used in the manufacture of charged water, sprung a leak, filling the place with carbon dioxide fumes which drove patrons and employees out onto the sidewalk. Firemen were quickly able to repair the damaged compressor.

Mrs. Mullins a Grandmother

Ida Mullins of the El Morocco hotel today said being a grandmother is nice.

A boy was born to her daughter and son-in-law, Mr. and Mrs. Hugh Osburn of Hanford, Calif., recently and both the young man and his mother are getting along famously.

The boy has been named Michael McCully Osburn.

Palm Springs Drug Closed During July

It's vacation time at the Palm Springs Drug.

While John Archibald and Phil Delano, proprietors, and the staff take a summer rest and the store is being readied for the new season, the lock will be on the door. The store will re-open on July 28.

To them (Communists), this country is but a theater of operations. — James F. Green of Omaha, Neb., chairman American Legion Americanism Committee.

Cathedral City News Roundup

Reported by MACK MOORE

Farewell Party for Jim Jordans

There was a barbecue supper, with gallons of home-made ice cream, planned by Marie Ide, at the Harvey Peterson cabin at Nightingale Thursday night.

Friends of the Jim Jordan family wished them farewell at this time as well as lots of luck and better health, wherever they decide to settle down. And that they say might be perhaps Colorado or Oregon. They will be greatly missed by all who know them. Their property will be occupied by the H. G. Crawford.

Glenn Kuhry Joins Lester at Station

Andrew Lester's new partner at the Texaco station, corner of Glenn street and Broadway, is Glenn Kuhry.

Mr. Kuhry and his family are living in Captain and Mrs. True's residence for the summer; and he is the nephew of Mrs. Harriet Day, a resident of Cathedral City for several years.

Mr. and Mrs. Hart L. Kopp are closing their drugstore July 1. They leave by plane that day for Quebec, Canada. They will return in September via northern route, stopping at Lake Louise and Banff.

Nyveen and Jan Ide, Carol Phillips, and Nancy Eubanks are attending Girl Scout camp at Idyllwild this week.

Mr. and Mrs. Irving Sussman will spend the summer at the pretty mountain town of Prescott, Arizona, leaving about July 1.

Two out of every three automobile accidents in the United States last year involved mistakes by drivers.

The London zoo has a "tigrion" an animal that had a lioness for a mother and a tiger for a father.

Night Fire Calls Out Residents of Cathedral City

A brush fire, occurring at the Pioneer ranch about seven o'clock caused flames to rise twenty to thirty feet from the ground and was plainly visible from the southwest portion of town.

As a result, the fire truck and many local citizens rushed down the Dunes road to help fight a fire which could easily have spread, because of the high winds. It is understood that on a visit the following day, the ranger, Truman Holland, gave a warning that domestic burning should be done in the early morning and then only in the case of little or no wind. While in town, Mr. Holland also inspected and approved the foundation for the new firehouse. In the future, it is urged that, in the event of a large, planned fire, a permit to burn be obtained from Mike Gordon, the fire chief, or his assistant, Larry Weingartner, primarily for the purpose of preventing an unnecessary response to a call by the fire truck.

Trucking Business Again in Operation

Bill Holm, now residing at Moon Manor, is again operating his trucking business with frequent runs into Los Angeles.

In the fall, he plans to have an office in the building to be constructed opposite the Tramview trailer park.

County Road Department Improves Streets

The county roads department has completed its annual project in Cathedral City: Grove, First, Van Fleet and Second streets are now paved.

Cathedral City Personals

By DOROTHY CRAWFORD

Mrs. Ida Weeber entertained the George Kooglers at a farewell barbecue just prior to their departure from the desert for Seattle and Vancouver. The Kooglers have recently become property owners and now have completed a new home.

Miss Lydia Engh writes from Minot, North Dakota, where she is visiting relatives and reports an enjoyable trip through Salt Lake and Yellowstone National Park. She plans to spend some time in Seattle, prior to her return.

Professor and Mrs. James W. Kyle are spending the summer at their Redlands home, just opposite the university there. Prof. Kyle reports that he is busily engaged in weed control on their property there and that they are enjoying the cooler weather.

The Curt Rings write that their trip to Estes Park, Colorado took them through Salome, Arizona, Gallup, Albuquerque, New Mexico. At Gallup, Mr. Ring was fortunate to find replenishment for the stock at his Indian store, Kiva, located at Rancho Mirage. Their summer cabin is located high in the mountains a mile and a half from Estes Park.

Mrs. Anna P. Reilly writes that she has been visiting friends in Los Angeles; and, upon her return to South Pasadena, finds the weather cloudy and cool enough for a sweater.

The Wm. Bennett family are leaving for a jaunt through Illinois and Pennsylvania, taking a month for the trip.

Dr. Ernest Brandt is very ill at Riverside county hospital.

Robert Hillery and Bill Carey are at Elsinore, attending the Red Cross school, consisting of an extensive life saving course.

The G. H. Hales, Chester Ides, and the David Sheltons of Cathedral City along with other members of the Union Ice company, camped at Lake Hinchey last weekend. All reported good luck fishing.

The John Phillips family left for Guthrie Center, Iowa, but plan to return September 1.

Miss Esther Peterson has closed her home at 2nd and Lavender lane for the summer and

MORE ABOUT . . .

New Year . . .

pected to be \$3,238. The cost of operating the latter institution could legally be increased by three mills in taxation but Alworth said this would not be done and will be paid out of the city's one dollar per \$100 that it receives on real property valuation.

Councilmen also learned that the city sales tax is living up to predicted collection and that \$10,000, or 75 per cent of the take during April and May, first two months that the tax has operated in the city, has been transferred to the general fund. In estimating the amount of money that will accrue from the sales tax annually, Alworth conservatively placed the sum at \$60,000 in the light of his earlier prediction that it might reach \$100,000.

FOR THE FIRST TIME in the city's history, the street department is going to receive a lot of attention. The way Alworth has it set up it will cost \$49,167 to operate during the next 12 months. It will be fully staffed and equipped, have its own utility yard, grease racks, mechanics and gasoline pumps.

"The day of paying 25 cents for a gallon of gasoline at filling stations for city equipment will be out of the picture," declared Alworth. "The city will be able to take care of its rolling stock right in its own utility yard." Four new men have been added to this department, Alworth added. The street department budget will also pay \$1200 for the first installation of street signs and \$800 for traffic signs.

The city engineering department had no operating budget last year and was non-existent until February, 1947, will have \$16,412 set aside for it.

THE FIRE DEPARTMENT will cost the city \$31,116 as compared to \$21,731. This will include the cost of installing 20 new fire hydrants and the installation of a high pressure pump on one of the fire trucks.

By the way, the police department may have to train one or more of their men in the operation of a camera such as used by newspapers. This camera, which will cost \$265, will be used in taking pictures of accidents and other police work and is included in an expected cost of operating that department, set at \$57,588 as compared to \$50,994 for last year. The major portion of the increase will be consumed in salary rises for the 18 employees.

ONE OF THE NEW city departments contained in the city manager's plan and set up in the cost of operation, is the Parks and Recreation department. This department will cost approximately \$20,840. Included in its functions will be the care of street trees, operation of a city swimming pool, when and if the city gets one, the purchase and planting of additional trees, a combination park superintendent and recreational director, city gardener-foreman, two groundsman, care-taker and life guard.

"All that I have outlined as to costs is only tentative," stressed the City Manager. "However, the program as outlined will be well within the city's annual income."

will divide her time between Claremont, L.A., Redondo Beach and possibly a trip to Minnesota. Mrs. Agnes Wilbor, accompanied by Martha Reid of Rancho Mirage, left by motor for San Francisco. From there Mrs. Wilbor will visit in Oregon and Washington for a few weeks.

The Ide family returned from their vacation on which they encountered unbearably hot weather at Hoover Dam, snowbanks at Cedar Banks, hail at Bryce, but beautiful weather from there via the Grand Canyon. But as all the rest of our wanderers, were glad to be home and warm again.

The Coleglazier family were home over the weekend and announced the purchase of a ranch at Lancaster, where they are now doing some building for a brother-in-law. This means they will only be winter residents of our fair city.

Dorothy Maddox arrived home Sunday morning from Freeport, Texas, where she visited her mother. The weather was terribly hot there and makes you feel depressed all the time, the desert is the place, why do people go away for vacations?

The Misses Bessie and Nell

Rally Draws . . .

bers. Elinor Chmura and Jean Pigneri, brought forth rounds of applause for their duets.

HUGE TRUCKS bedded down with hay began making their appearance on Palm Canyon drive at 7:30 p.m., to be boarded by Villagers for the slow, song-filled ride to the Tennis Club. These vehicles were furnished by Milton Hicks of the Palm Springs Builders Supply, Rancho Mirage, Palm Dell, Don Maher of Rancho Mirage, and A. Henander, Palm Village general contractor.

Once at the Tennis Club, Villagers immediately began to crowd around Bill Putman who was in charge of the barbecue pit on which more than 250 hotdogs were done to a turn and, as predicted, the supply ran out long before the 12 midnight closing hour was called.

THE SOFT DRINK establishment, operated by Rudy Salazar, AMVET in charge of this department assisted by two of his landscaping employees, included a smart fast crack with every bottle served. When the soft drinks were consumed it made no difference what a customer ordered, they received a bottle of cold beer instead.

Financially the affair was a huge success, according to Don Cameron, chairman of the committee that staged the first annual All-Village Hayride. It was he who was instrumental in bringing about the large attendance of persons from Palm Dell where he is in charge of tract sales at that sub-division, Rancho Mirage, Palm Village, Palm Desert, and Cathedral City.

THE PUBLIC ADDRESS system was loaned free of charge to the AMVETS by Jimmy Hume, co-owner of the Palm Springs Music company. In addition, Hume assigned the services of Kenny Thayer, radio and sound technician employed by the music company and no expense was spared in the installation.

"I want to take this opportunity to express in behalf of my committee and the AMVETS our sincere thanks to everybody who aided in the success of the hayride," declared Cameron.

No Drivers' Tests Until End of Month

Local examinations for drivers' license will be suspended for three weeks in July, M. J. Bell who has been conducting the tests here said last week.

The examinations, which are given at the airport, at the former administration building, will be resumed July 30.

There will be no tests July 9, 16 or 23.

The Desert Sun—5

Doing the Village

with Moya Henderson

Palm Springs hospitality is really something to write about and we can't say enough about the friendship of those wonderful people who descended on us Friday night for very much of a surprise housewarming.

Preparing food enough for an army were Alice Hough, Jane Neel, Betty Kiehl, Dottie Gorham, Neva Youngs and Ruth DuBose. Tommie Kiehl took care of the entertainment end of the evening providing everyone with enough laughs to last a lifetime.

So completely was the new abode warmed that the cooler has been working double shift since.

CONGRATULATIONS to Val and Damon Watson on the arrival of a new little girl at the Riverside Hospital last week. The Watsons have two other charming daughters.

Off for Mexico last week was Fern Jones and her family of three. They will remain south of the border for a month or six weeks and return to Arrowhead until school starts.

"Out of the frying pan into the fire" commented Coni Tilghman as she took off for Texas to visit with relatives. She may find the fire in Texas but the Village has enjoyed enviable June weather to date.

PAUL LUKAS has a wonderful and interesting trip ahead of him. He has accepted a contract with his studio to go to Europe for the filming of pictures depicting the democratic way of life. Plans include the making of a picture in Germany, France and England. Before he and his wife hop that trans-Atlantic plane in August, Mr. Lukas plans to spend some time with the August Kettmanns at their cabin near San Jose.

Any time after the sun disappears behind the hills there's some mighty fine tennis going on at the Tennis Club. Offering stiff competition to anyone who wants to take them on are Bob Beck, Bob Seaman, Harold Hicks, Gus Kettmann and Paul Lukas.

THURSDAY night the home of the Barney Hinkles was the scene of a gay party. There to offer congratulations to Barney and Barbara on their tenth wedding anniversary were the Frank Borgerts, Phil Delanos, Jack Gorchams, Frank Purcells, Kenny Pauls, Harold Hicks and Milt Hicks.

A huge success was the party sponsored by the Amvets at the Tennis Club on Friday night. Hay

Canyon drive.

CIVIC-MINDED Osborn got Herman in touch with Harper and today's meeting was arranged.

Herman said the plan was to bring the batteries here to let the warm desert sun get the kinks out of their arms next Spring. There will probably be 25 to 30 athletes in the group including pitchers, catchers and trainers.

Eventually this may lead to bringing the entire squad here to get into shape with the aid of the desert's climate.

EVER SINCE the Field Club was acquired one of the uses urged for it was as a training site for some big league club. The argument was the added attraction during the Spring season with big time teams here for exhibition games.

Mayor Clarence A. Hyde who for many years has advocated such a plan, declaring that Palm Springs was a "natural" for Spring training because of its climate and sunshine, was enthusiastic about the idea.

"IT WILL BE good for the baseball players and for the town," he said. "These big league outfits travel first class. They want the best."

"It's a two-way deal. The clubs will benefit as the desert sun gets them into shape after the winter's rest, there'll be no sitting around in the clubhouse waiting for the weather to clear up—and the town will have another place to go and see big name players perform—not to mention the added down-town business."

Today's meeting was scheduled for 3 o'clock at the Chamber of Commerce office.

wagons toured the streets of the Village to offer transportation to waiting guests. Roasting weenies, swimming and dancing occupied members of the party for the evening of fun. All the Village turned out to pronounce this one the best gathering to be held in a long while.

We must not repeat the experience we have had in implementing the terms of the Potsdam agreement. We can never reach real agreement on the basis of ultimatums or immovable positions.—Secretary of State Marshall.

In Cathedral City

Modern two-bedroom home, one of the nicest in Cathedral City, large porch and walled-in patio, lots of floor space, fully furnished and ready for occupancy at close of escrow. Included is a well arranged garage apartment for guests or rental income. Price reduced to \$15,000.

VACATION This Year At . . .

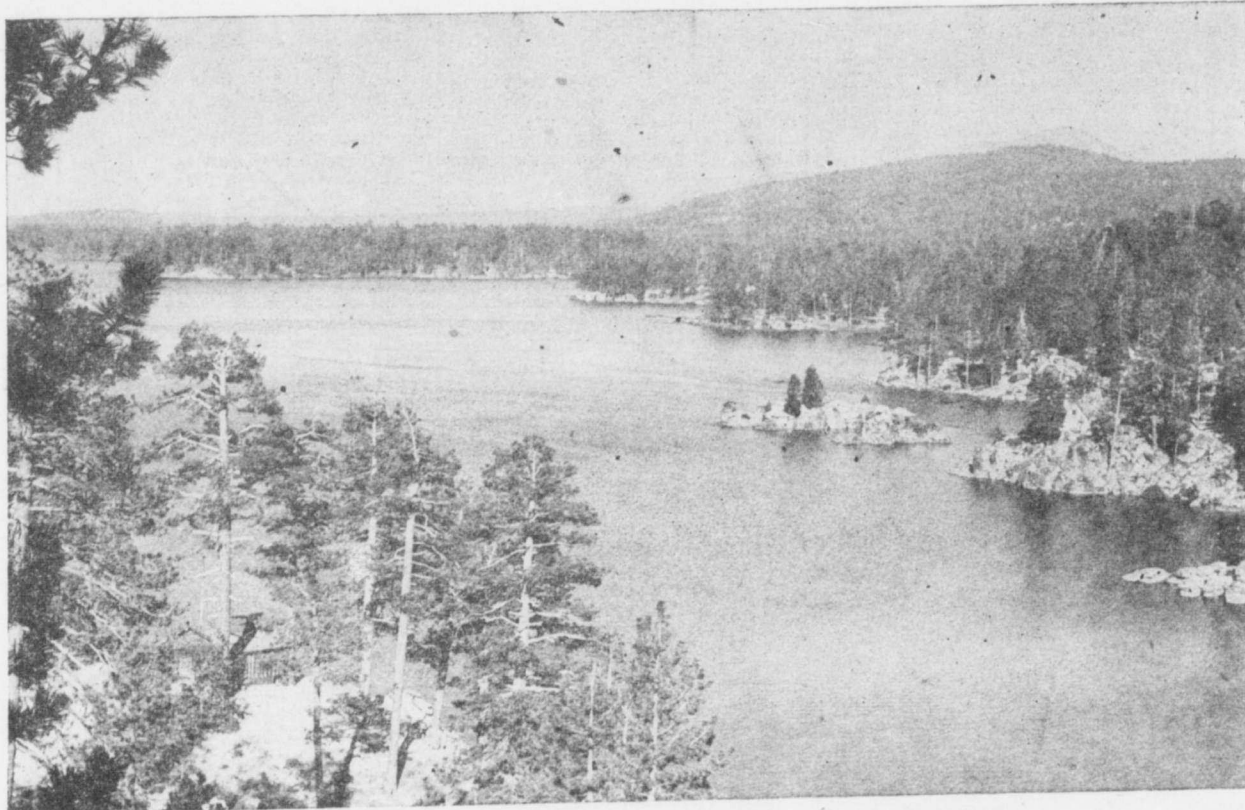

BIG BEAR LAKE

Bear Valley Ranch Day July 4th

Big Bear Lake and vicinity is really out to give its customers their money's worth of authentic Western atmosphere this July 4th. Since the usual Fourth of July fire-works won't work there because of the fire hazards involved, the local folk, backed by the Big Bear Chamber of Commerce, are putting together a first-rate day of entertainment for all to enjoy, and it's ALL FREE!

"Little Bear" herself has been combing the back woods for weeks selecting and choosing the real old timers of the true West to put in her "pee-rade" and believe us, she'll have the real thing with noooo Commercialism!

So all of you folks who crave a July Fourth just a little different, but one that'll be enjoyed with a BANG-UP time for all, even without the fire-works, come on up to the mountains this Fourth and have real fun and a time you'll long remember!

A Typical Scenic View of Big Bear Lake—the Perfect Vacation Spot

Bear Valley Ranch Day July 4th

"Programme"

PARADE—All Western 1:30 p.m.
With Cowboys and Cowmen from the Cowranches of Bear Valley, Lucerne Valley, and Victor Valley. Prizes for the parade donated by local merchants.

RODEO SHOW 2:00 p.m.
With all local cow hands participating. Purse donations from Big Bear Lake Chamber of Commerce and private individuals.

WESTERN MOVIE PREMIERE . . . in the evening

With personal appearance of the star of the show at a free-to-the-public reception in front of the theatre.

The entire afternoon and evening events, including the Parade, Cowboy Show, and Premiere Reception in front of the Theatre in the evening will be free to the public!

WHERE FRIENDS MEET

The Fourth of July at Big Bear this year will be fun and also crowded—so make your reservations now for accommodations. Remember that you can have a good time in this wonder vacationland anytime, both summer and winter. This happens to be the busiest season of all, however, and a timely suggestion at this point might prove beneficial. Take advantage of the fore part of the week in planning one, two, or three day trips, for better reservations and fishing facilities.

WHEN PLANNING THAT VACATION THIS YEAR — MAKE IT BIG BEAR!

WHEN YOU WANT TO "BEAT THE HEAT" FOR A FEW HOURS OR A FEW DAYS — MAKE IT BIG BEAR!

Burglars Steal Valuable Tools

Burglars pried a garage door open at the construction site of the Biltmore hotel on South Palm Canyon drive one day last week and got away with \$245 in expensive tools, according to Art Wright, 263 North Indian avenue. Wright told police that the burglary must have taken place sometime between June 20 and June 23.

Can't See Indio for Coachella

The Desert Has Everything—Even Inter-City Sectional Feeling, Supervisors Discover

Sectional jealousy such as has long characterized San Francisco-Los Angeles, Minneapolis-St. Paul, Fort Worth-Dallas, moved into Riverside county last week, right out here on the desert, too. Indio-Coachella became a member of the bracketed cities.

William Kersteiner, candidate for the appointment as supervisor in the fourth district, brought the issue to the surface at a meeting of the county board where he was an observer.

ONE HUNDRED PER CENT loyal to his own community, he indicated he wasn't so hot for Indio.

It all came out when R. M. C. Fullenwider, county chamber of commerce secretary and fair manager, asked the supervisors their opinions of a sketch of a proposed billboard poster, which he plans to have displayed on roadsides in Los Angeles, Orange, San Bernardino and Riverside counties. The sketch pictured an Arabian type structure with two women in front of it, one of whom is perched on a camel. "Riverside County Fair" is across the top right hand side. Under this are the words, in larger type, "Date Festival," and, in still larger type "At Indio."

SEEING THE SKETCH, Kersteiner declared, "I don't think you

should have 'Indio' in such large letters. The people in the Coachella valley won't like that."

Fullenwider then explained that the contents of a billboard have to be of such size they can be read in 30 seconds and that as Indio was the site of the fair it was necessary to have the word stand out, so people would be able to remember the fair's location.

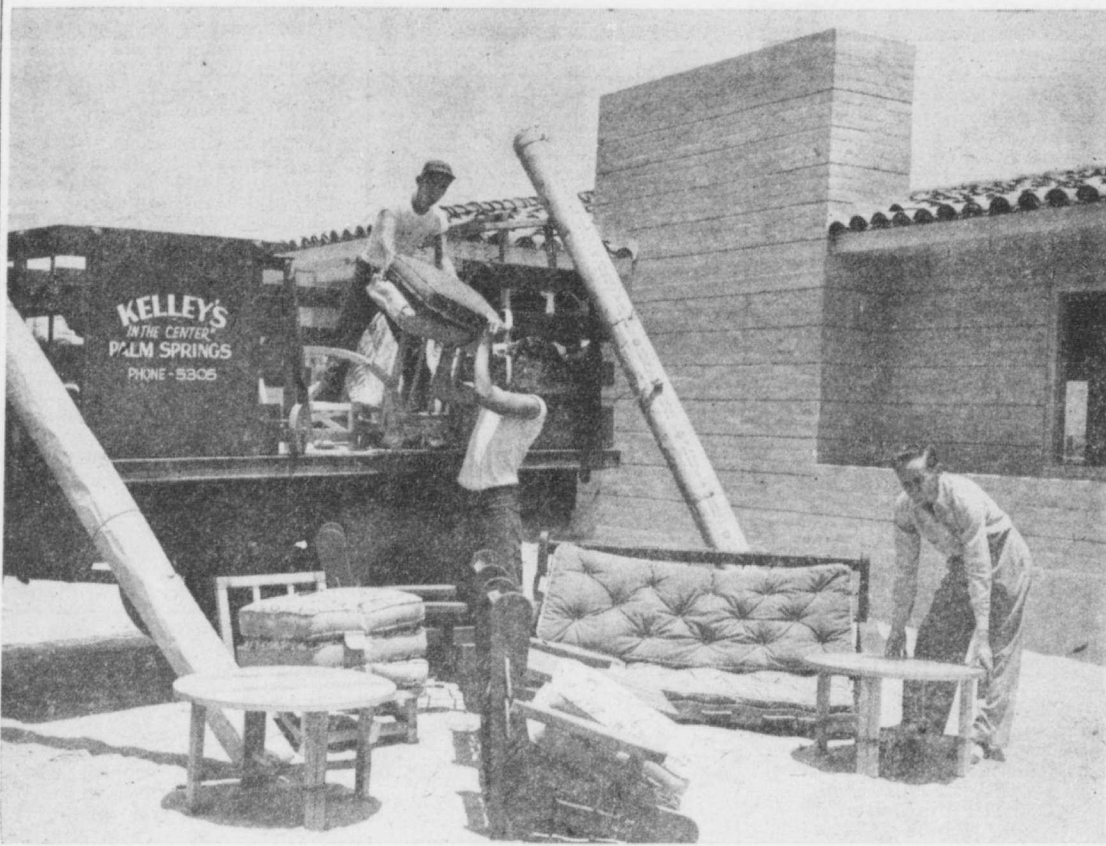

Kirsteiner contended that it would be better not to have the word in such large type, but rather in the same size as the other words, and said, "I still don't think Indio should be played up that much."

Bob Phillips on Force at Indio

It's now Officer Bob Phillips of the Indio police department.

Until a month ago Phillips was a member of the Palm Springs force. While on the city law enforcement department, he operated the police department's only motorcycle and just before he resigned, was doing general patrol duty.

Saturday Officer Phillips delivered a warrant to the Palm Springs police department for the arrest of a person wanted in Indio.

REAL GIFT—The Youth Center is going to enjoy about \$500 of NEW furniture, chairs, floor coverings, and so on as result of a fine gift by Ray Kelley of Kelley's Furniture store. Not only did Kelley donate it but he didn't wait for them to pick it up—he delivered it himself. Don Miller, on the truck; Bob Mills, on the ground, and Gustave Patzner, Youth Center director, right, do the unloading. (Frank Partridge photo.)

Teen-Agers To Relax in Style When New Youth Center Opens July 12

Teen-agers who will frequent the new Youth Center on Belardo road when and after it is opened July 12 will have a chance to relax in complete comfort.

When the Youth Center committee of the Welfare and Friendly Aid Society, headed by Mrs. Harold Hicks, issued an appeal for furniture for the Center they anticipated a response of good but used articles.

THE RESPONSE was more generous than they expected. Villagers by the dozen got together things they could spare and which weren't so used, after all.

On top of that, there came

about 500 brand new items, rugs, chairs, and so on, donated by Ray Kelley of Kelley's Furniture company. Kelley sent them up in his own delivery truck. He did not wait for them to come and get 'em.

THE DONATION was gratefully appreciated by the committee and the Youth Center is going to be a comfortable and attractive spot for the Village teen-agers.

In the meantime, under direction of Gustave Patzner, director, plans for the opening dance July 12 were going ahead fast. It will be a gala affair with good music, refreshments and all.

five cents per day shall be paid in addition to the minimum wage.

IN ADDITION to the above requirements there are many additions such as requirements for keeping of records, posting of work rates in piece operations, equipment, charges for the furnishing of meals and lodging, rest periods, meal periods, dressing and rest room provisions, minimum requirements for washing and toilet facilities, first aid provisions, seating provisions, lighting and ventilation provisions, safety exits and temperature requirements.

Employers' Rules On Female Labor Told in Bulletin

All employees of female labor in the county and Village were reminded this week that the order issued by the state Industrial Welfare Commission regarding minimum wages to be paid to female employees became effective June 1.

Briefly these are the order's provisions:

No woman or minor shall be employed more than eight hours during a day or more than 48 hours in any one week. Said eight hours of employment must be performed in a period not to exceed 13 hours unless the employee resides at the place of employment.

EVERY EMPLOYER shall pay to his women or minor employees wages not less than sixty-five cents per hour for all hours worked except that a lesser rate, but not less than 50 cents per hour may be paid during the first 200 hours of training in skilled or semi-skilled occupations.

In no case shall gratuities or tips from patrons or others be counted as part of the minimum wage and no employee shall be required to report tips for this purpose.

On any day in which an employee works a split shift, sixty-

Grant's Back in City After Tour to Eastern Coast

Returning last week from a brief few weeks trip through the east were Mr. and Mrs. R. H. Grant of this city. Spending most of their time in Washington, D. C. and New York City, the Grants flew east and returned by train. While in New York they saw all the Broadway show hits, and combined pleasure with business while in the nation's capitol, and took in all the scenic attractions of that city's environs.

On their return here they moved into their new home, just completed, at 355 Via Las Palmas. This week they will leave for Laguna Beach, where they will spend the summer at their home in Emerald Bay.

Horace Armstrong, Winter Resident, Succumbs in East

Horace W. Armstrong, well known local winter resident of 220 Hermosa place, succumbed at the Presbyterian hospital in Chicago recently according to word received in the Village this week. Death was due to pneumonia following an operation.

Mr. Armstrong, who was 65 at the time of his death, resigned this spring as head of the Reid Murdoch division of the Consolidated Grocers. His home was at 1500 North Lake Shore drive, Chicago.

A NATIVE OF CHICAGO, he attended schools there and later went to Yale where he graduated in 1905. That same year he became associated with Reid Murdoch and rose to the presidency which he held for 27 years. He resigned this spring, the resignation to have been effective yesterday.

He was a member of the board of the Presbyterian hospital and held high positions in many Chicago civic organizations.

DURING WORLD WAR I he served with the Army quartermaster corps.

Mr. Armstrong had recently purchased a home in Santa Barbara and was preparing to move to the coast when taken ill. He had planned to divide his time between the coast city and the Village.

Surviving are his wife, Jean, a son, Frank H. of Redlands; two daughters, Mrs. Jean Corle of Santa Barbara and Mrs. Mary Contreras of Carmel. Services for Mr. Armstrong were held at the Wintka Congregational church. Burial was private.

Cathedral City Man Is Seriously Injured

Frank Shuman, 73, Cathedral City, was in the Community hospital suffering from a broken back as a result of a fall near his home. The accident occurred Sunday afternoon. He was rushed to the hospital here by Dr. William H. Elliott.

Hospital officials said it was the third broken back accident admitted to the hospital in two weeks.

Zoning Hearing Date Fixed as July 16

Public hearing on the revised City zoning ordinance will be held July 16 in the El Paseo theater, city councilmen decided yesterday.

Advertisement of the proposed hearing was to be placed today and maps of the proposed new lands uses will be on display in the former Sun building next door to the city hall until the hearing.

Lock this Stable before the HORSEPOWER'S GONE

One spot in your car's engine has to be tightly closed or horsepower gets away. It's where piston rings fit snug against cylinder walls.

When worn rings let power slip by, waste fuel and oil, it's time for new sets of rings to bring back pep and economy and give your engine a new lease on life.

In Buick Fireball engines, each piston has four rings. Each ring is engineered for just the slot it fits and the job it has to do. You can't expect other rings

to give the same results.

We specialize in Buick care. So we have these Buick-engineered piston ring sets just as we have other Buick-engineered parts. We use Buick methods to do the work.

So here's the place to get back your car's flash with new rings or give it any other attention it needs, from a lube job to an overhaul. You're sure of a real Buick job from us. There's a big difference between ordinary service and Buick car care.

The Villager Is Going To Press

Soon, now, the Palm Springs Villager will make its summer debut—entirely new in size, in dress, in style, in content.

It has been designed to mirror Palm Springs as you—a Villager—actually see it. It believes this Village the most desirable spot in all the world for happy, healthful living. It believes, too, that the same sunshine and air extends on to its neighbors in the desert areas. But, it will not boast and brag about it. Rather, its tone will be a simple recording in word and picture of existing things as they really are.

The Villager will take on the moods of the seasons. It will be sensitive to the constant changes of Village life. This, being summer, it will be summerish. When winter comes it will be resortish.

But throughout it will not lose touch with the Villagers themselves, for are they not a part of the picture that makes Palm Springs the leading desert resort of all the world.

Months have been spent in its planning. More months will be necessary to accomplish the goal that has been set. There is no other magazine just like the NEW Villager. Through quality it will appeal to high-quality reader clientele.

The reception given The Villager has been far beyond expectation. With two-thirds of the business places closed, it has sold its maximum of advertising space. The co-operation extended by the people of Palm Springs has been most encouraging.

On July 15th The Villager will be on the newsstands. For the present the subscription price and per copy price remains the same, despite a production cost several times greater than issues in the past.

If you approve the coming July-August issue, we feel confident you will be delighted with what is to come! Plans are completed, and work already begun, on development for succeeding issues.
